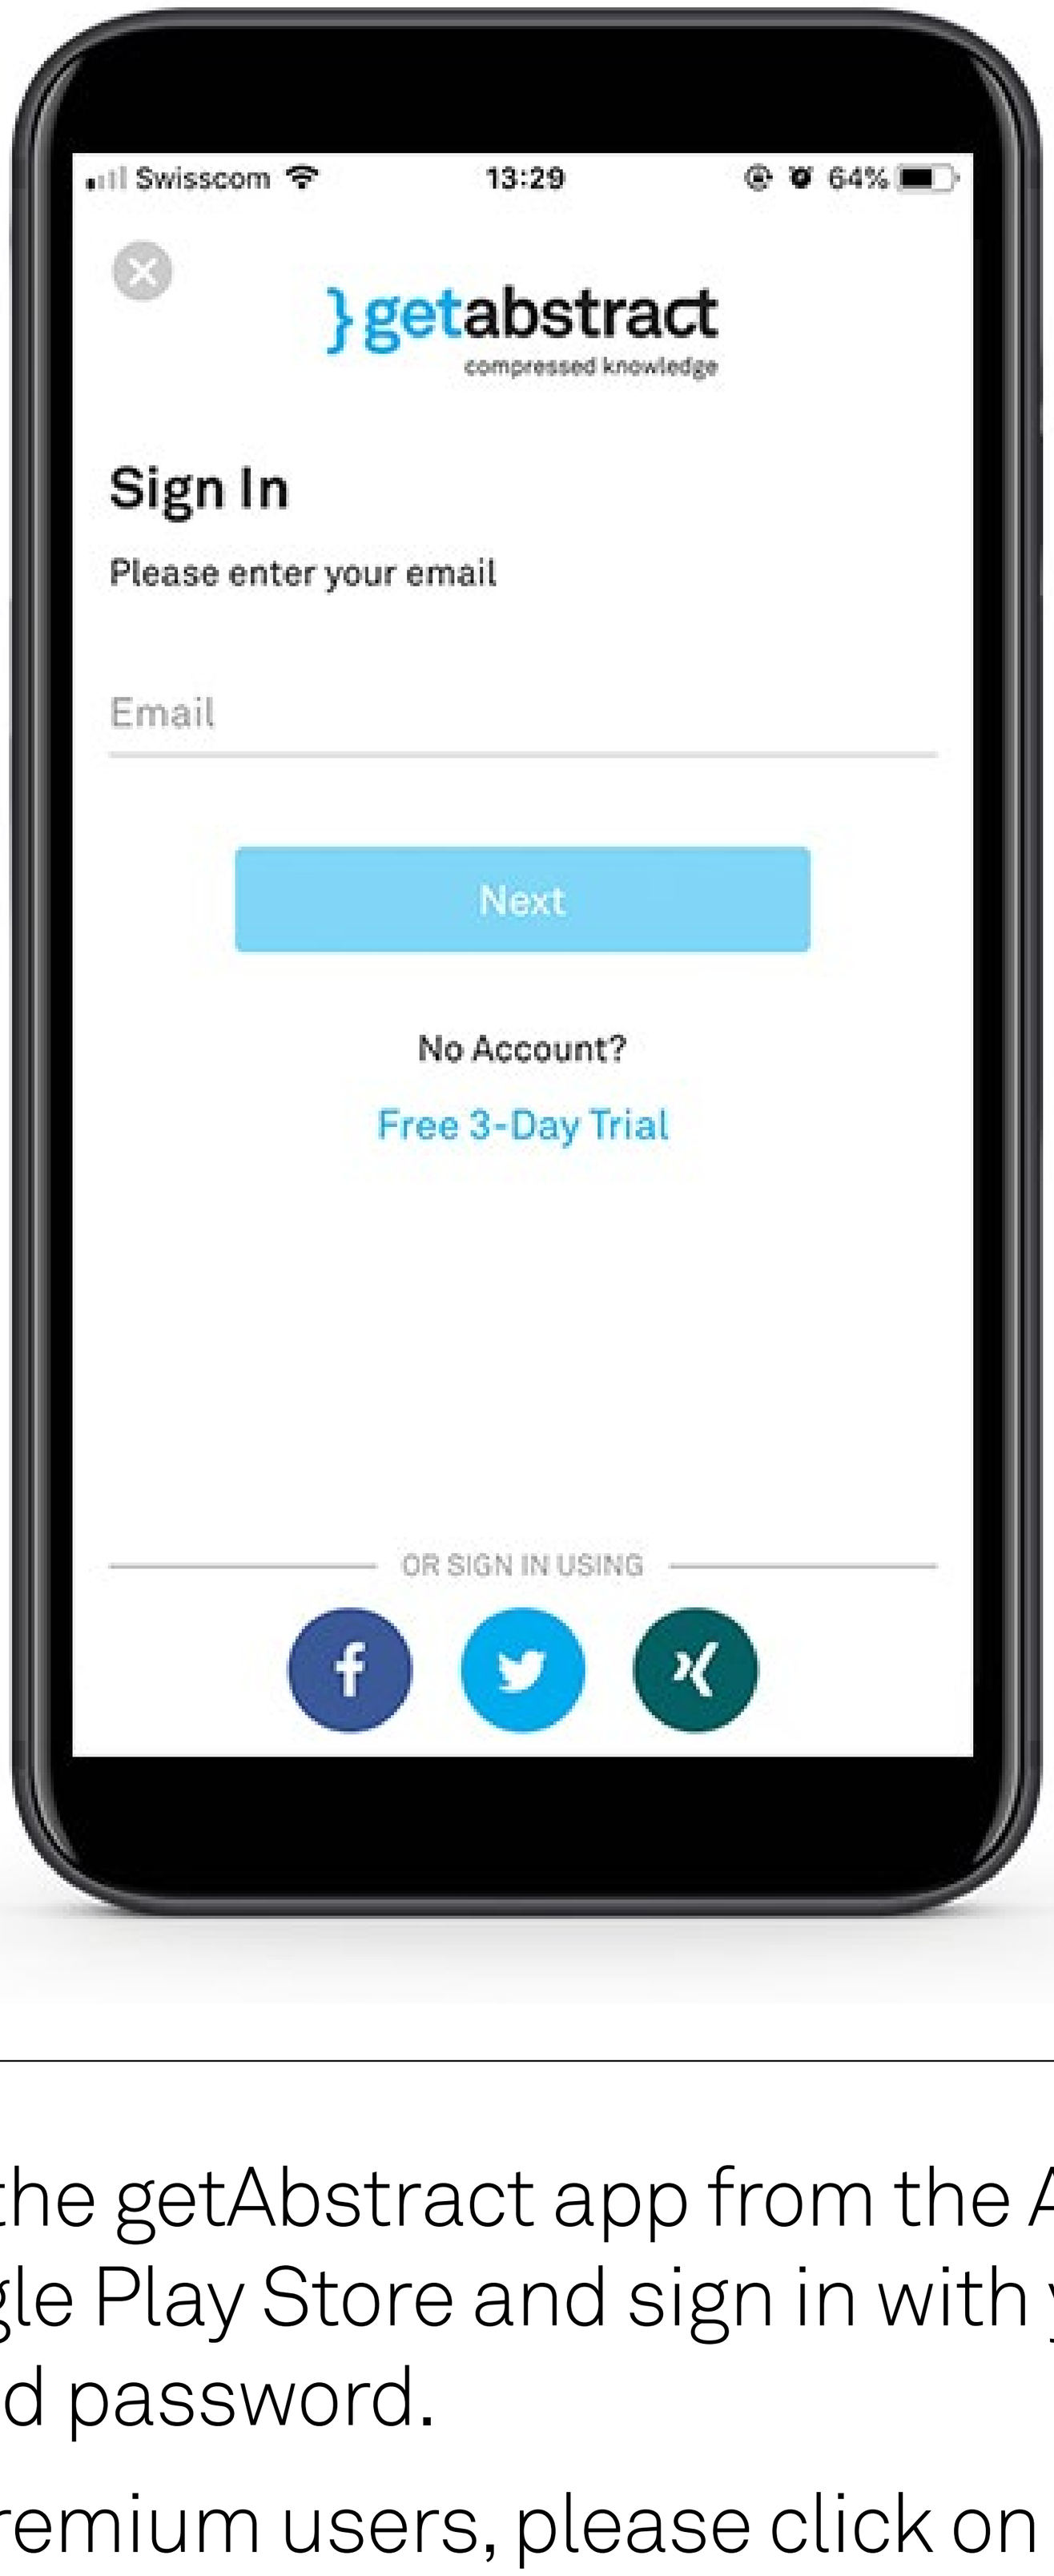
App How-To Guide

Log in to your getAbstract account

1



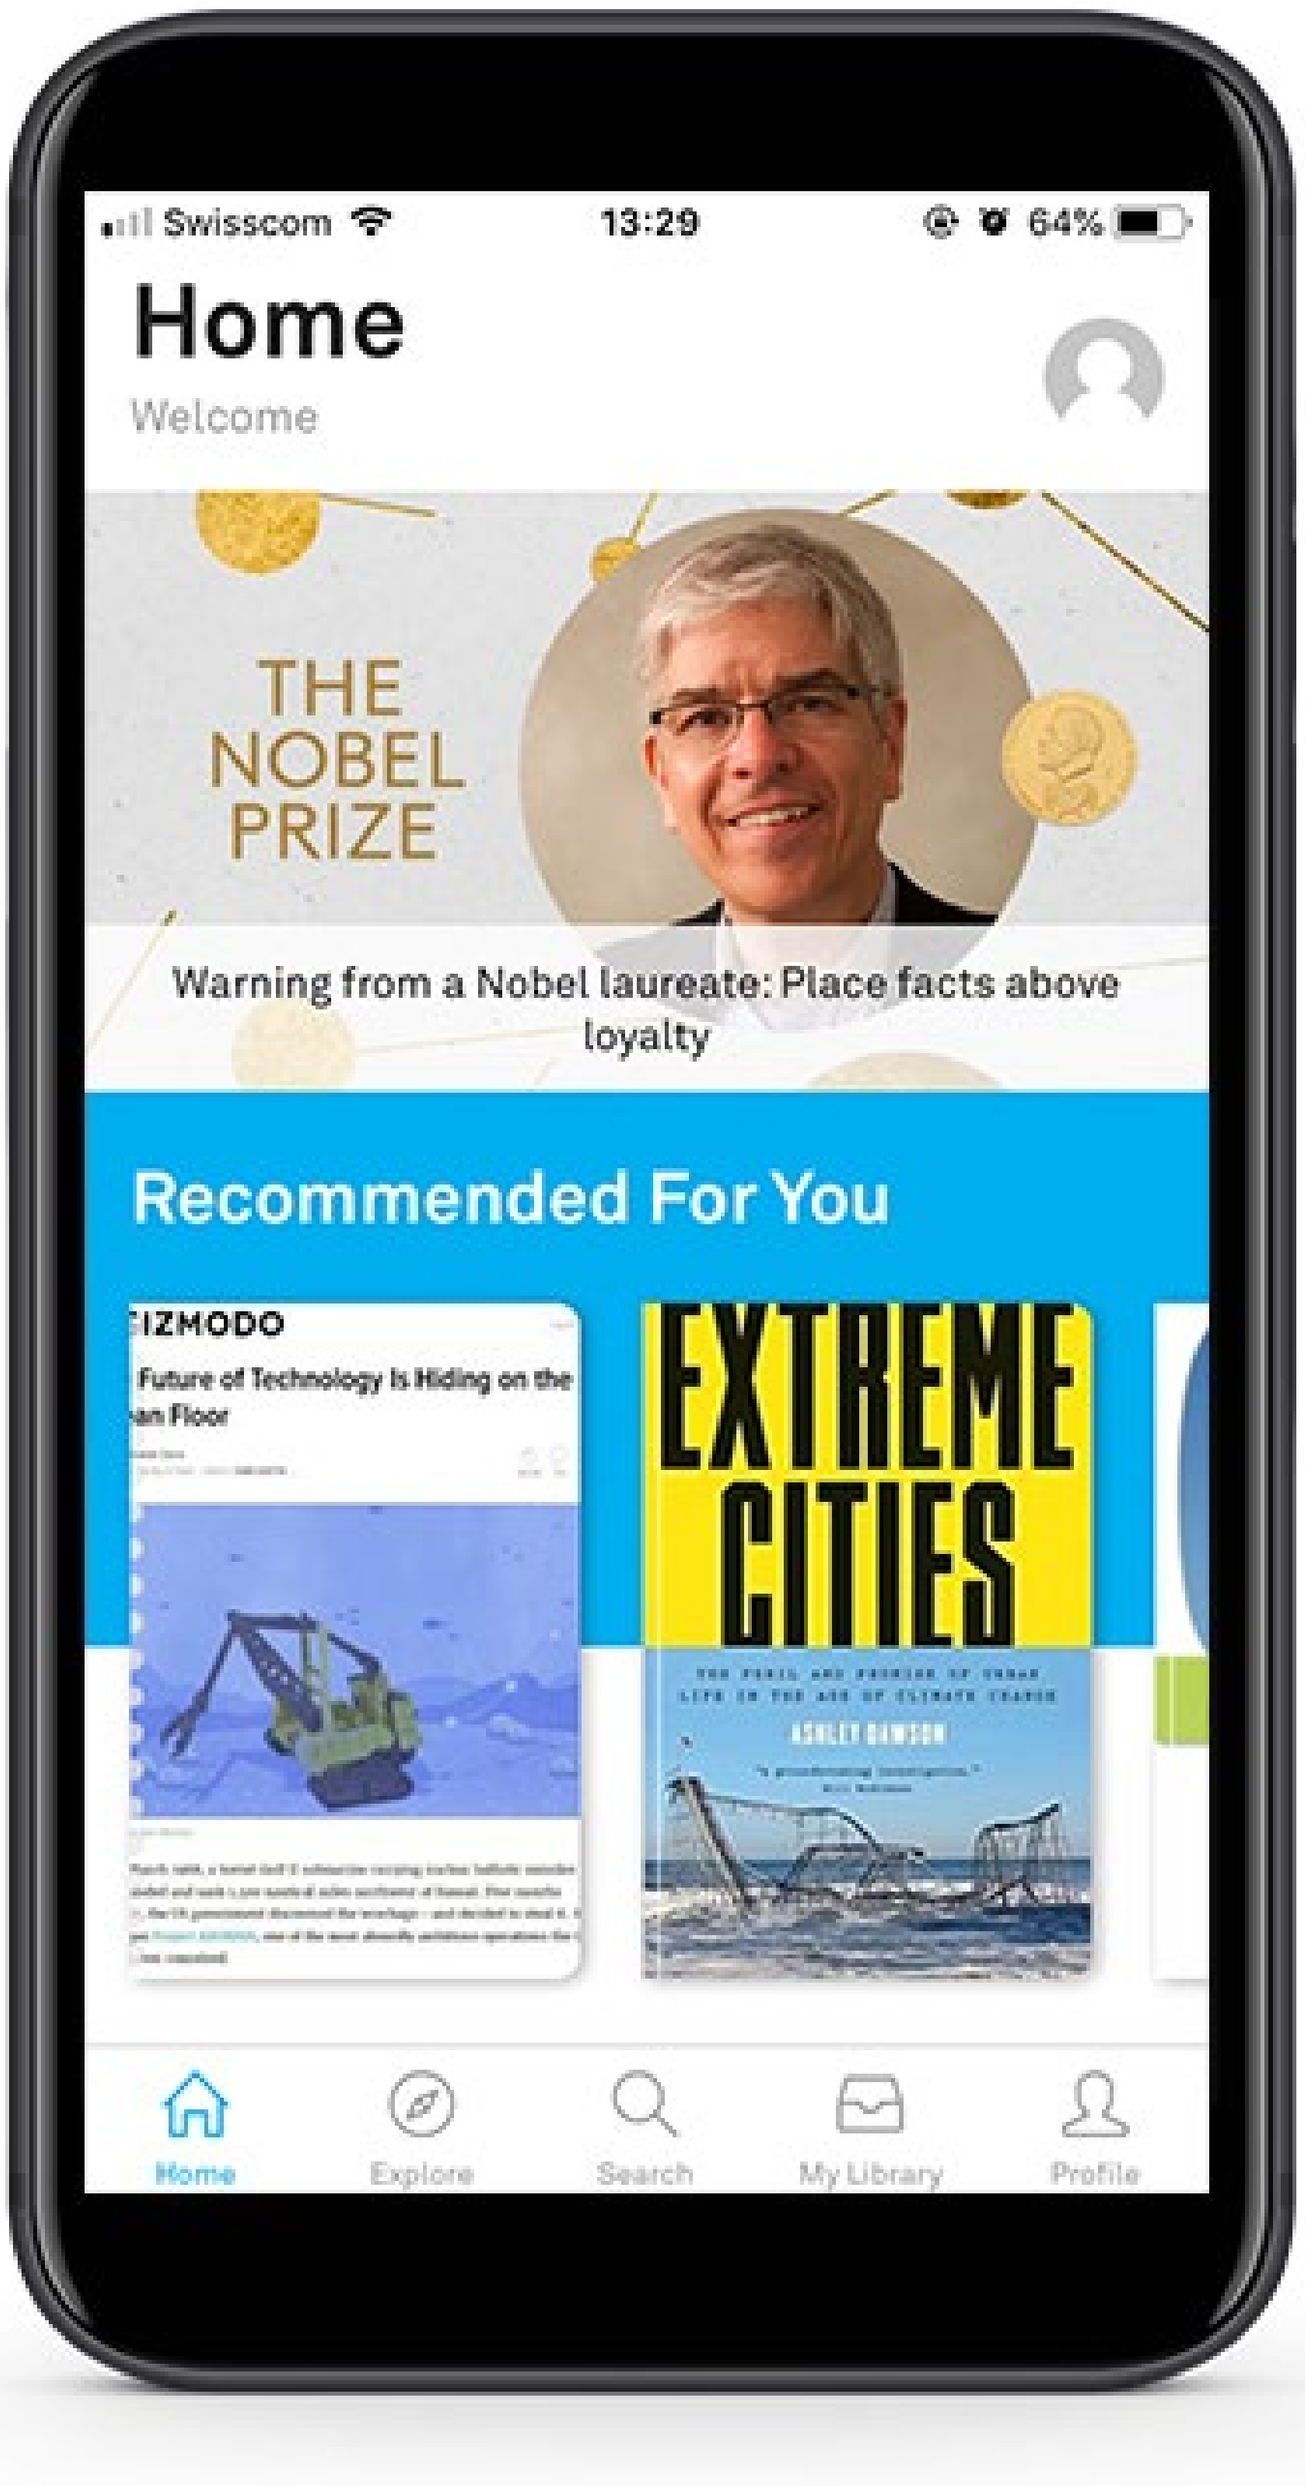
Download the getAbstract app from the App Store or the Google Play Store and sign in with your email address and password.

For XING Premium users, please click on the XING logo and sign in with your XING credentials.

Individual subscribers can alternatively log in with their Facebook, Twitter or XING credentials.

Discover relevant summaries

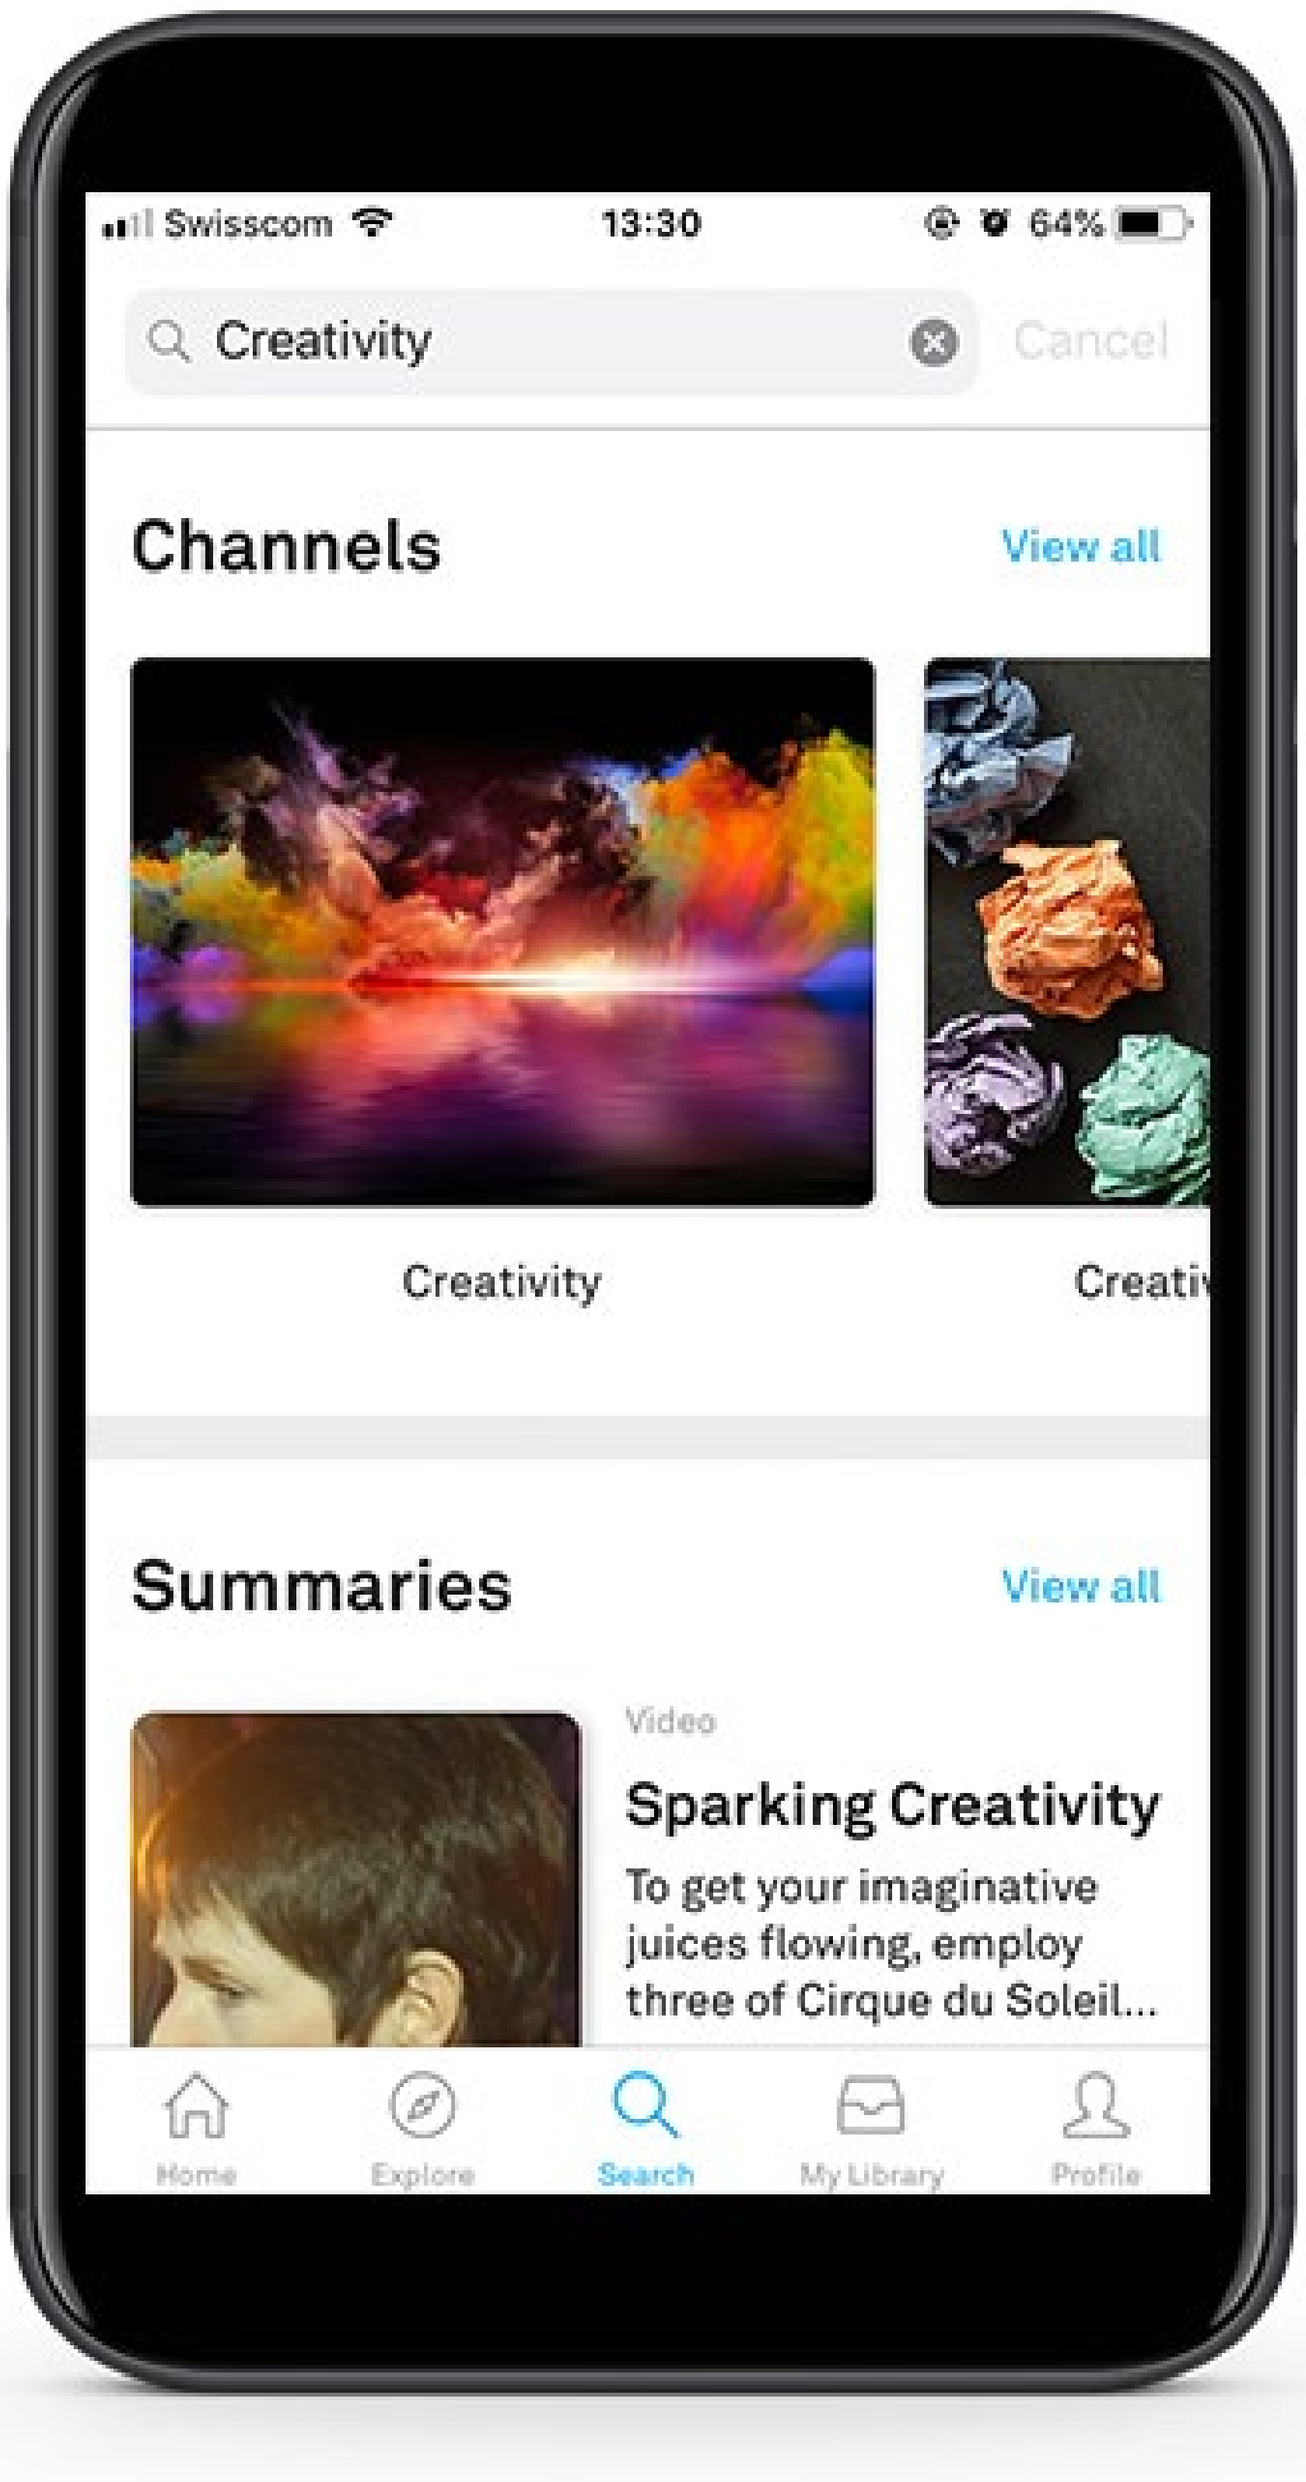
2



On **Home**, you'll see the most relevant summary and channel recommendations at a glance. To dig deeper, go to **Explore** and find the most popular and latest summaries. In **Library**, you can also browse our channels by topic.

Search for topics and summaries

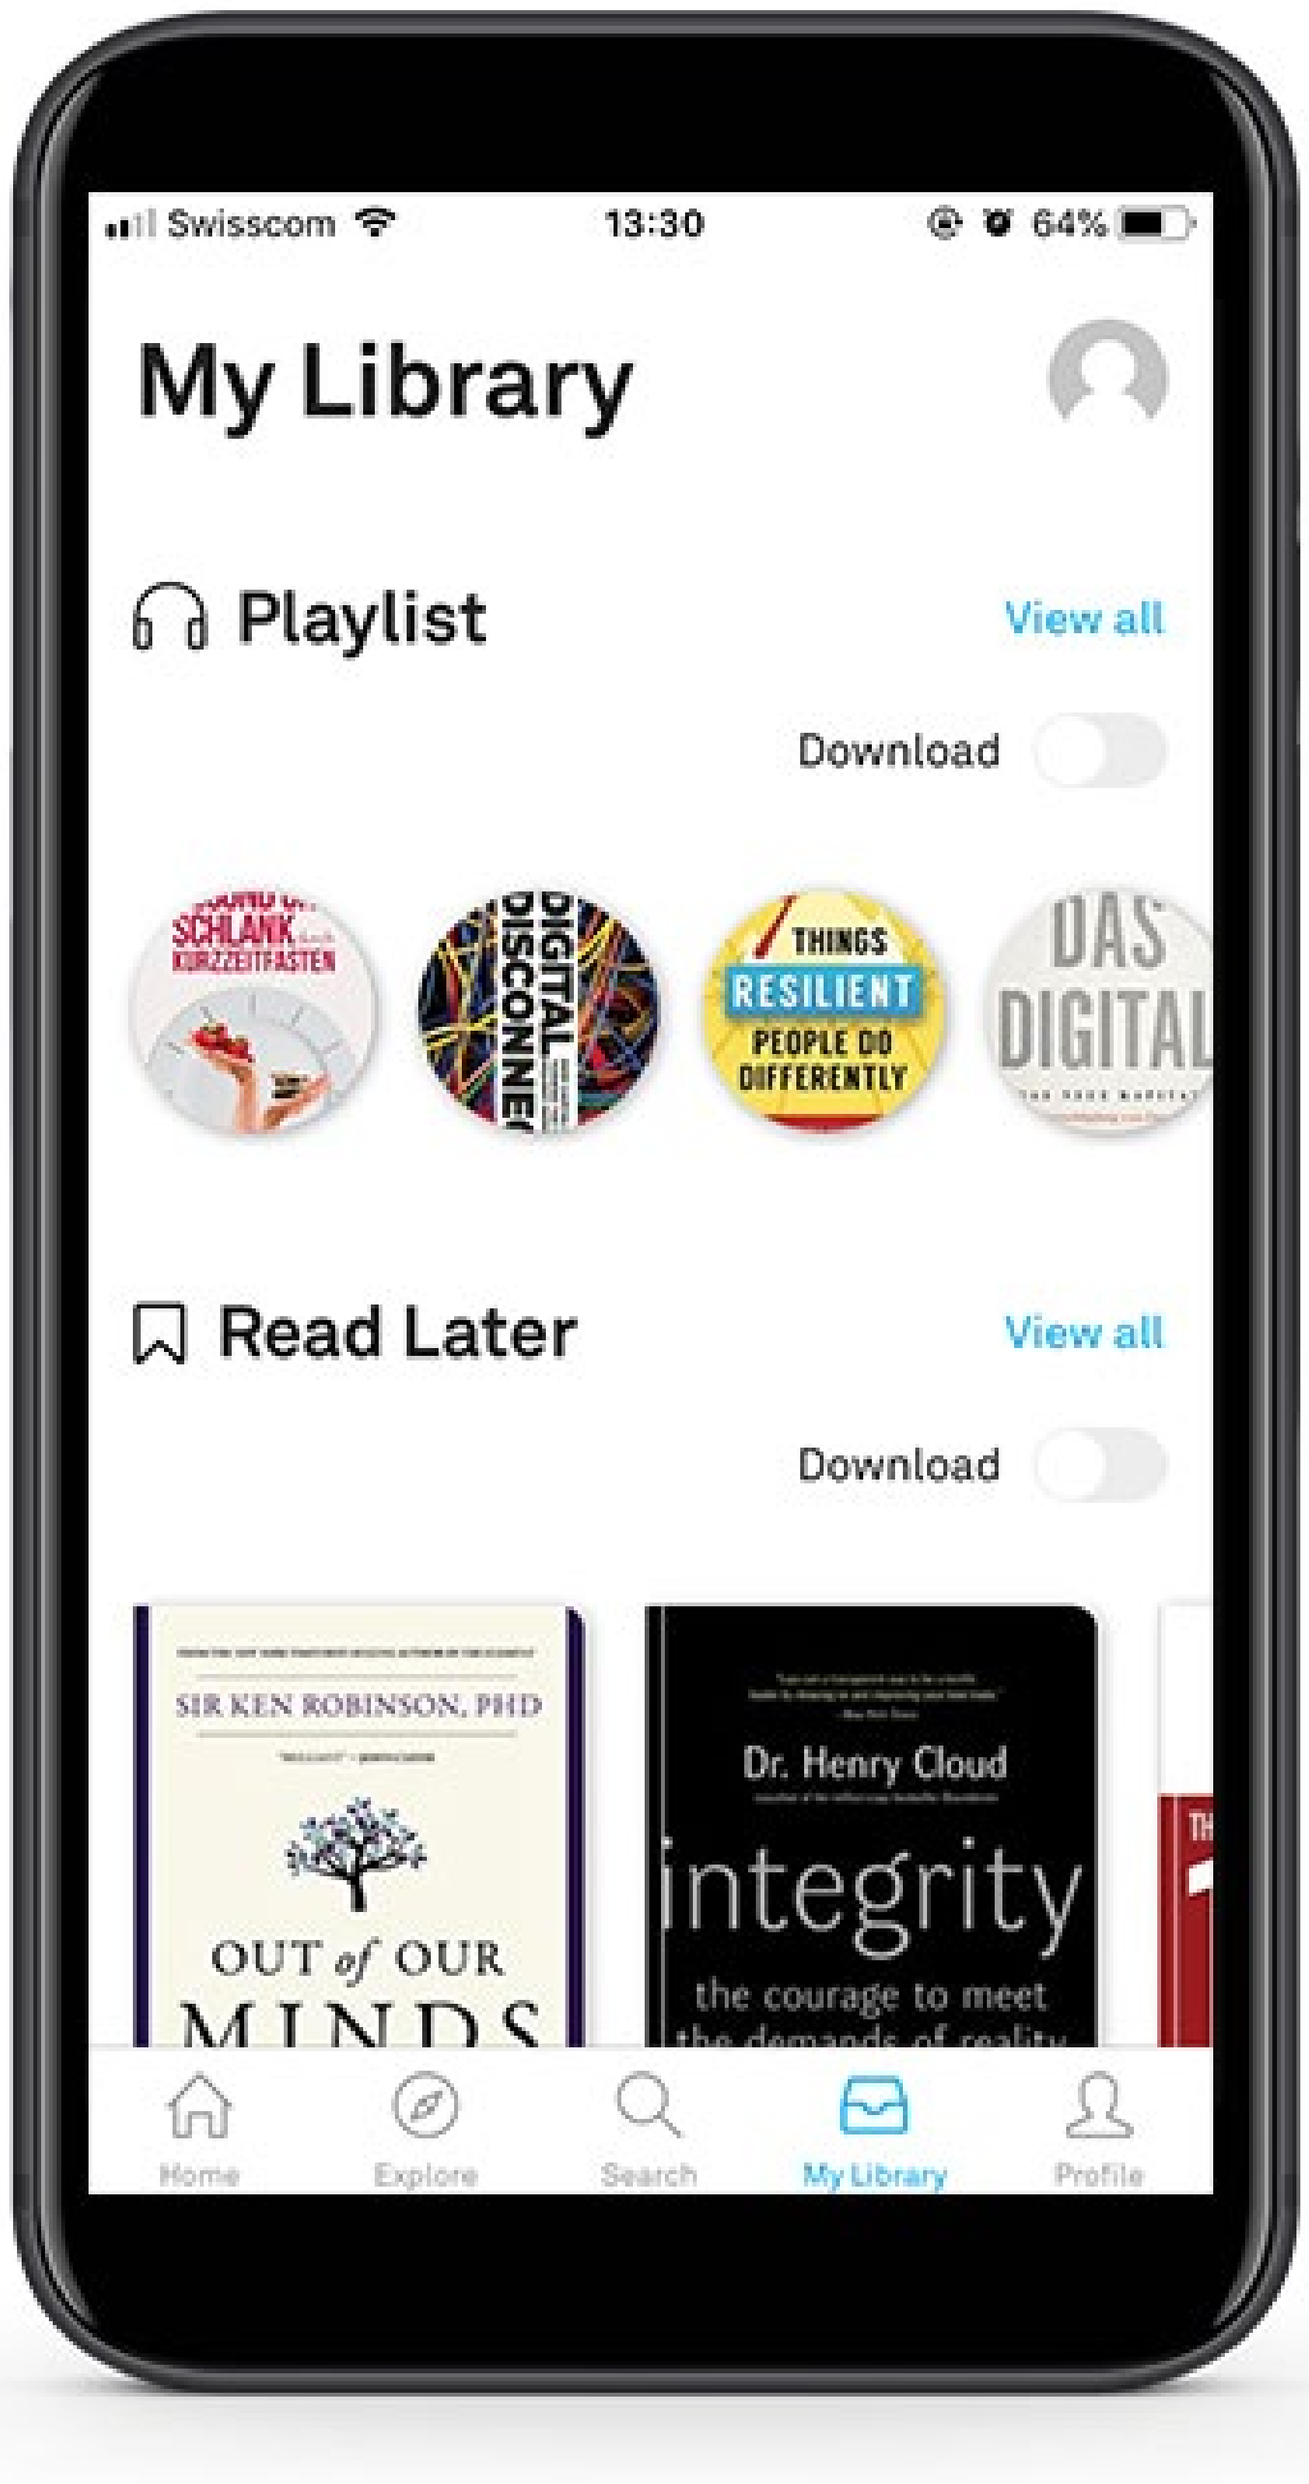
3



Search for authors, titles or topics and get a list of relevant channels and summaries. Click on **View all** to apply additional filters to your search results, such as languages or summary sources.

Manage your summaries

4



Go to **My Library** to find all the summaries from your reading history, the summaries you liked, or the ones you marked to read later. You'll also find your personal channels and the ones you're following. With the download feature, you can select the lists you'd like to synchronize for offline use.

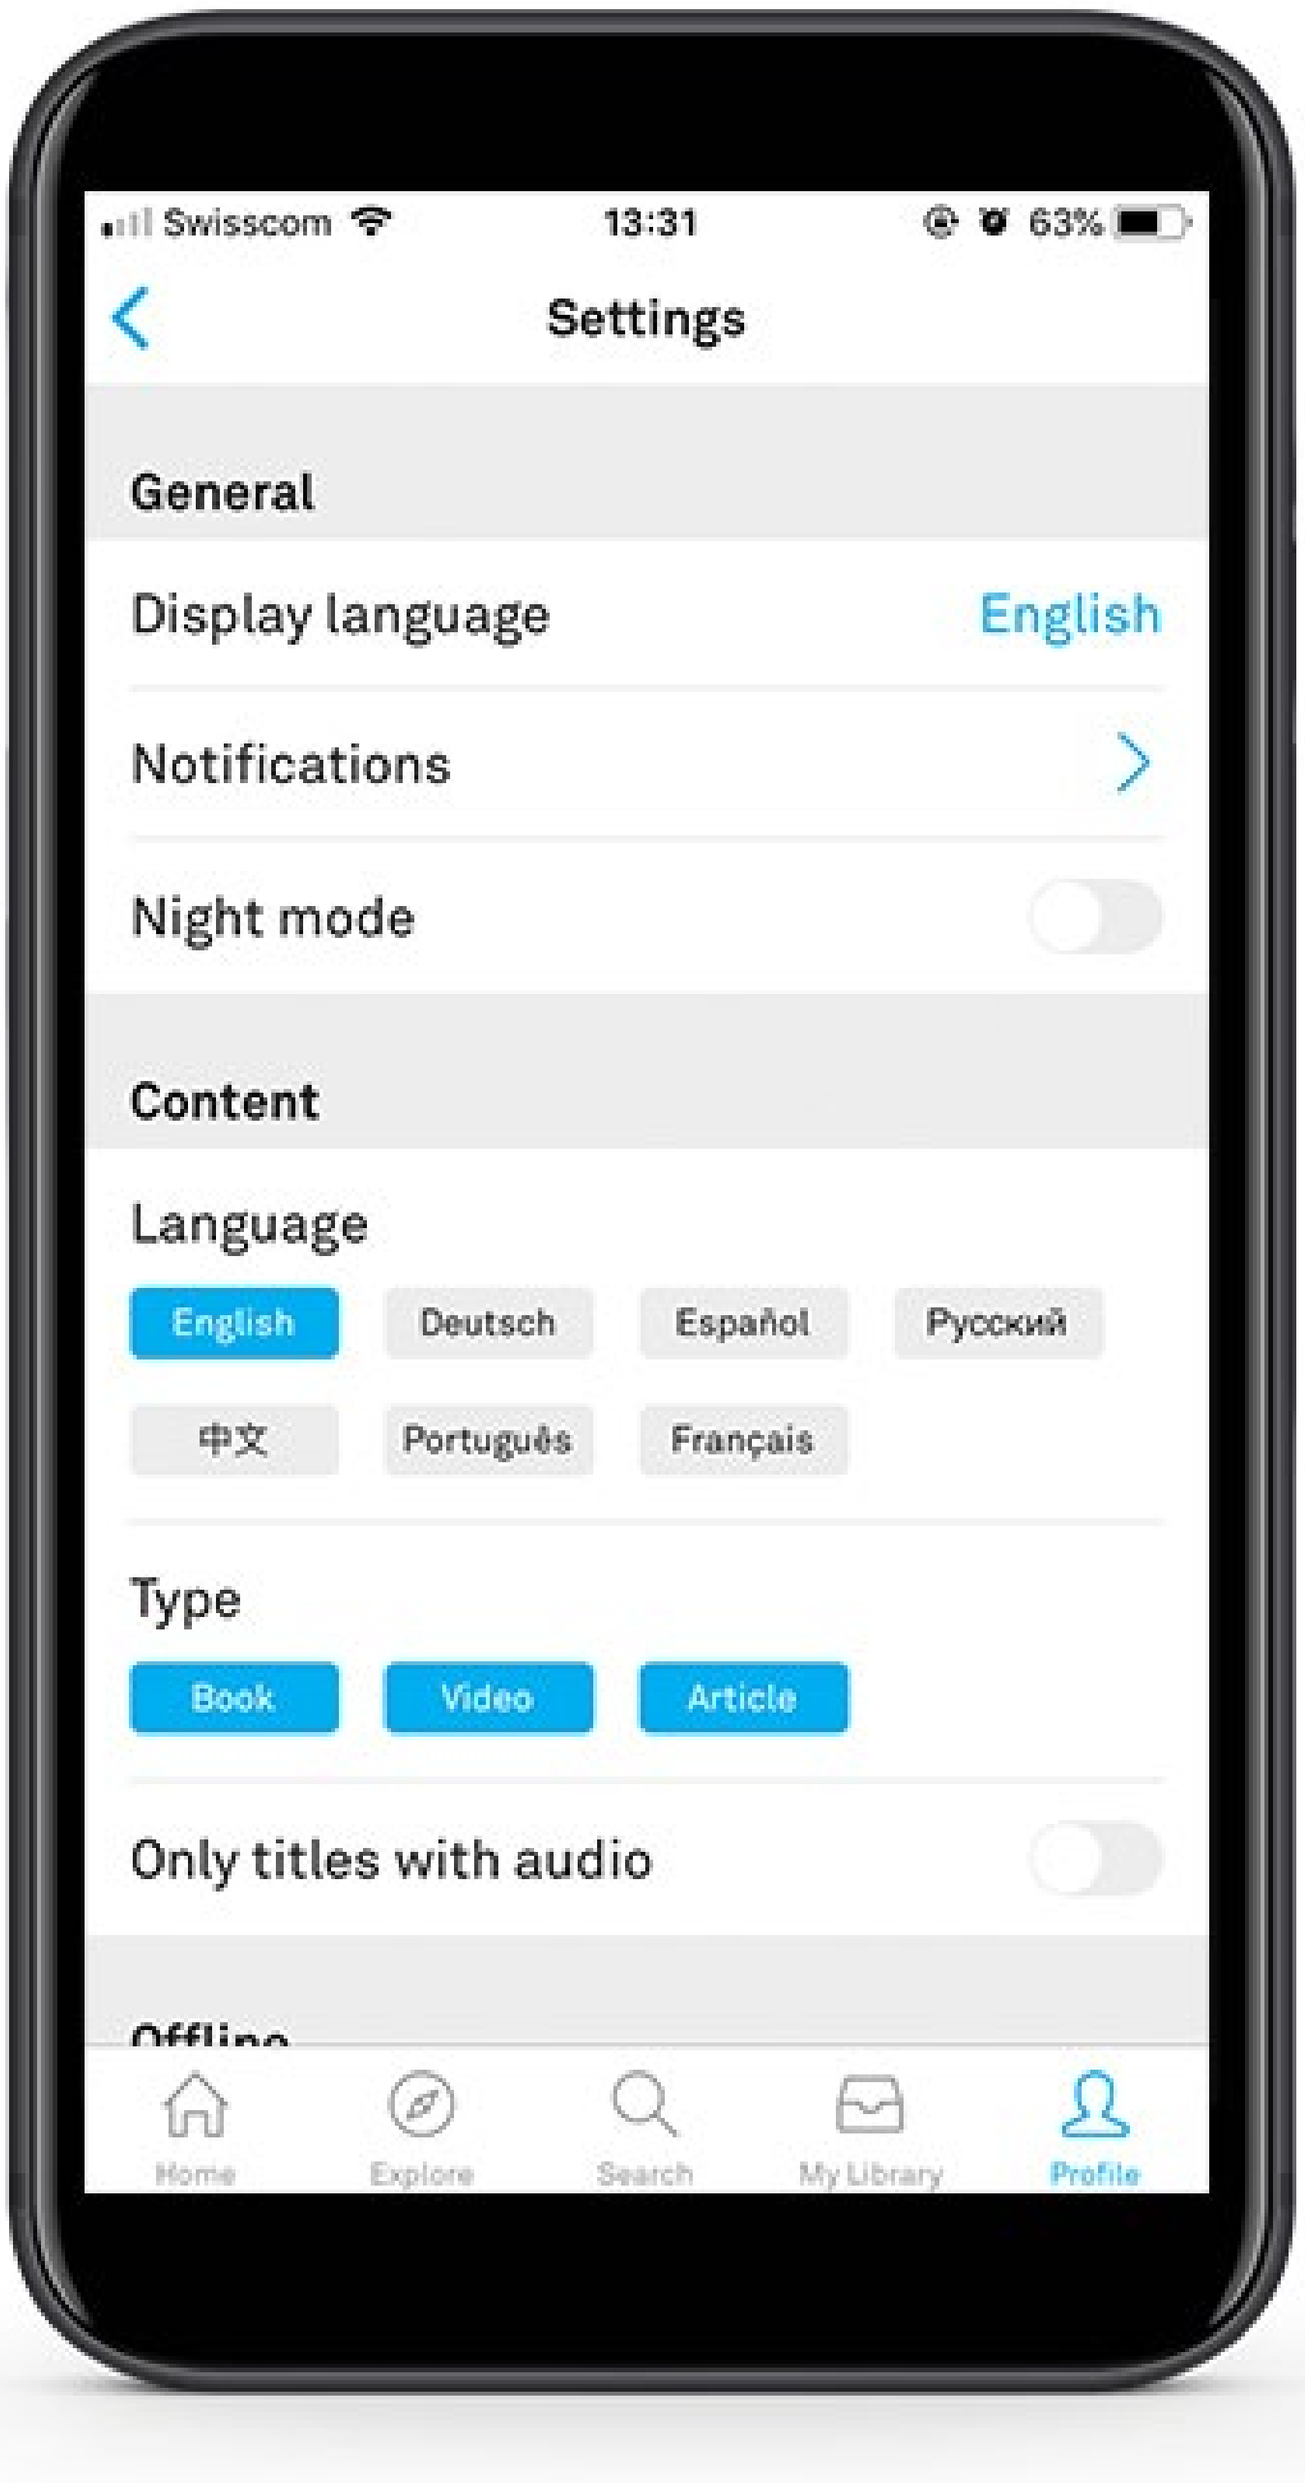
5 Read summaries

Right below the book cover, you can **Like**, **Share** or **Bookmark** a summary to read later. Click on the More Options icon to listen to a summary with the text to speech reader or to add it to one of your personal channels.

If the summary has an audio version, click on the **Headphone** icon to play the summary or add it to your playlist.

At the end of each summary, you'll find related titles and the comments section.

6 Profile and settings



Go to Profile to check your subscription details. To manage your subscription, go to My Account on the getAbstract website. If you purchased your subscription through the Google Play Store or the App store, go to your store setting to manage your subscription.

Go to Settings to update your language, notifications and other preferences.
