

Fast, Convenient, Easy!

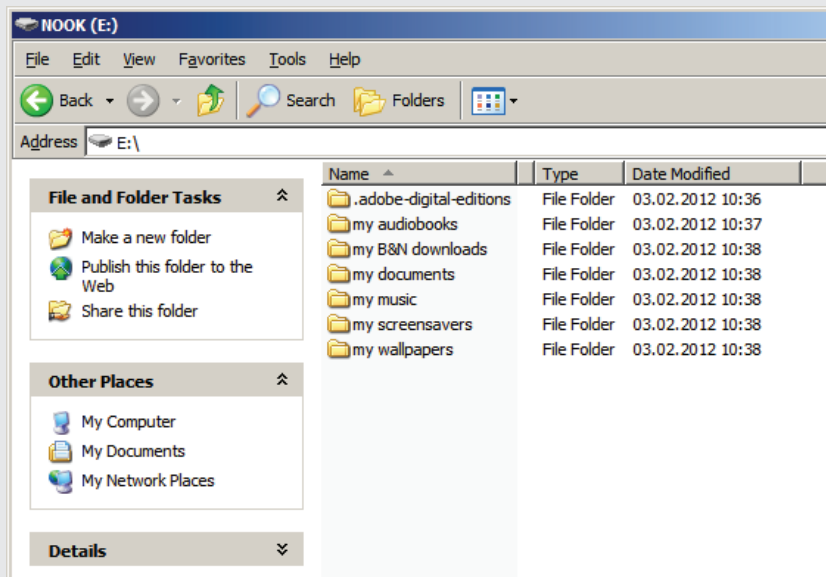

Access Your Summaries Directly from your Nook.

Step 1:

From your computer, log in to www.getabstract.com and browse the library. Select a title you wish to download. Click the PDF button or the iPad, Sony, Nook button, and download the summary to your desktop.

If you access getAbstract through your Learning Management System (LMS) or intranet, please log in with your company's credentials. Within the LMS or intranet, click on the getAbstract link. You will be logged in automatically. To obtain your getAbstract credentials please contact your eLearning manager or contact us at corporate@getabstract.com.

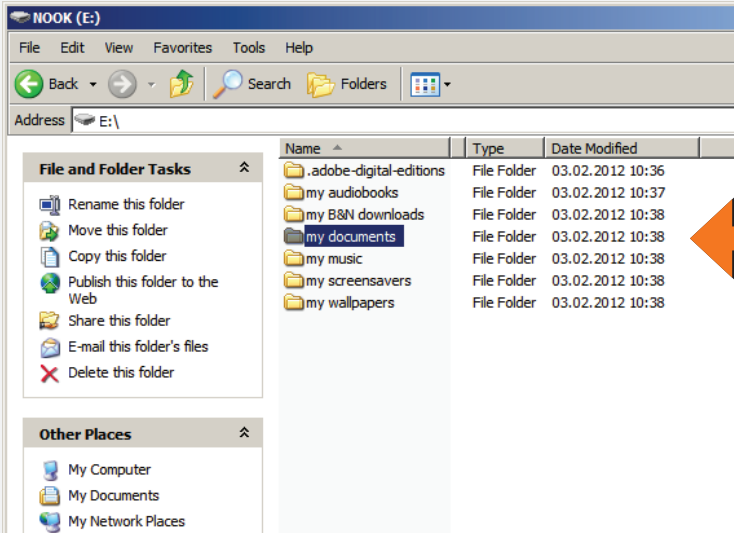

Note: For audio summaries, click the Audio button and choose the Download option. Save the summaries to your desktop.

Step 2:

Connect your Nook to the computer.
A Nook drive will open.

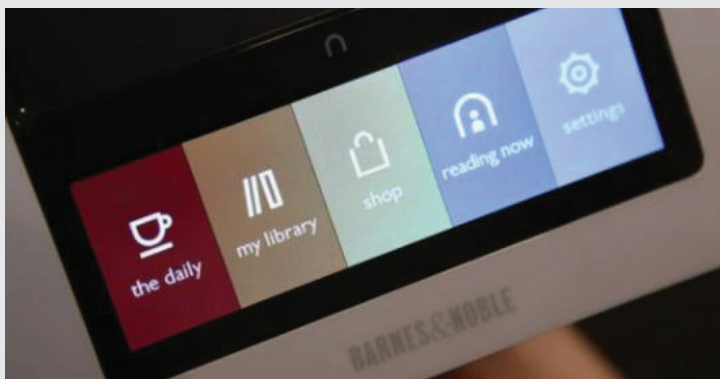

A guide to getAbstract via your Nook

Step 3:

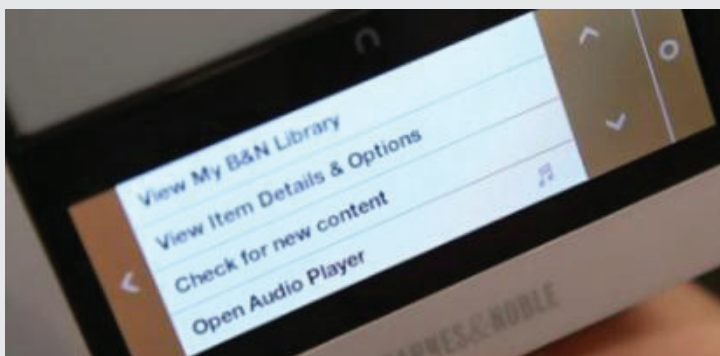

Copy and paste, or drag, the summaries into the My Documents folder on your Nook drive.

Note: For audio summaries, copy and paste, or drag, the file into the My Music folder.

Step 4:

Eject your Nook from the computer. From your Nook, go to My Library, then click View My Documents and check for New Content. Select the summary, and enjoy your read!

Note: For audio summaries, go to My Library from the Nook then View My Documents. Click Open Audio Player. Then, click Playlists (located at the far right) and select your summaries.
